HELPING TO REPAIR THE CITY HALL TOWER CLOCK last week was Tom Brennan, a member of the Committee to Restore Carbondale City Hall, Tom Lengel (kneeling), George Burke and Robert Rogers, of Rogers Clock Service, standing behind Burke. Two new motors were installed and all the gears and parts were cleaned, some painted, an electric eye for the lighting system installed and the four clock faces cleaned. Residents can now hear the clock toll every hour. (NEWS Photo by Ros-Al)
